

Understanding the World – The World (Reception)

Key Vocabulary

Map: A drawing to show you where things are.

Environment: Everything around us/the place we are in (e.g. school).

Similarities: Things that are the same/very alike.

Differences: Things that are not the same.

Can you describe your environment?

We will think about school, home and Lichfield.

Is your environment hot or cold?

Are there lots of people or animals there?

Are there lots of building or can you see lots of trees, grass and plants?

Do you know about any other places or countries?

How are they the same or different to Lichfield?

We will try to use and create simple maps. Why do you think they are important?
