

Christ Church C of E Primary School Homework Policy 2023-2024

Rationale

At Christ Church, we believe homework plays an important role in consolidation, revision and practise of a variety of different skills. We also believe that by completing homework, children learn independence as well as organisation skills.

Government Guidelines

Government guidelines suggest children spend the following time periods on homework:

- Years 1 and 2: 1 hour per week
- Years 3 and 4: 1.5 hours per week
- Years 5 and 6: 30 minutes per day

This progression helps to prepare our children for secondary school where in Years 7 and 8 they can expect to receive between 45 and 90 minutes of homework per day.

How homework will be set

- Each half term, your child will be given a bingo grid to complete. This is made up of nine squares. There is an expectation that at least one homework task on the bingo grid should be completed each week.
- Children take books home to read. Children are expected to read daily.
- Other homework set is listed below.

Marking of homework

- Completed bingo grid homework is to be sent back into school. This can be on paper, a photo or emailed to the school office. Your child's class teacher will then sign the bingo grid to acknowledge that they have received the homework task and a merit will be awarded.
- Reading records are monitored on a weekly basis and written in once a week by the class teacher during your child's guided reading lesson.
- Parents/carers record in a child's reading record when reading has taken place at home, ideally on a daily basis.
